

Georgetown Internal Medicine is committed to providing you the best quality care. In order to better serve you, please help us by providing us with your most current insurance information, your photo ID and being prepared to pay your co-pay, deductible and coinsurance at the time of service.

Georgetown Internal Medicine is contracted with most insurance plans. We recommend the patient contact their insurance for network providers and coverage prior to their appointment. Please contact the office if you have any questions, however, many times we cannot provide you with accurate network participation without seeing your card.

You will be personally responsible for your charges until we receive a copy of your insurance card.

All co-pays and deductibles are required at the time of your visit. We accept cash, checks, Visa, MasterCard, American Express and Discover. There is a \$25 return check fee for all returned checks and for card payment reversals.

We will file your claim with your medical insurance. At times claims are denied incorrectly. We will assist in working with your insurance to reprocess incorrectly denied claims.

Please remember that insurance is considered a method of assisting the patient with medical expenses. It is a contract between you, your employer, and your insurance company. You are personally responsible for any bill, or portion thereof, not paid by your insurance company.
